

ΠΡΩΤΟΒΟΥΛΙΑ ΑΓΩΝΑ ΘΕΣΣΑΛΟΝΙΚΗ 2003

This is an information brochure for a better orientation in Greece and in Thessaloniki, where the EU summit will be held in June 2003.

Camping

You can find people speaking at least one foreign language in the **International Camping against Capitalism -Imperialism**, so you won't

have any communication problem.

The participation in the Camping is free of charge, the different opinions are of course respectable, we can offer you any possible help (Medicare, orientation, communication) and the action program can be enriched by your suggestions, e.g. workshops, discussions, ideas. The intention to be in touch with you after the EU Summit 2003 in Thessaloniki is of highest importance. We can meet each other in the next fighting mobilizations taking place in the future...

Camara Square, the most common Marching Point (just outside the University Campus).

EU-Summit

The European Union Summit is opening on June 20st in Thessaloniki, in northern Greece. Around Thessaloniki itself and Halkidiki, the three-legged peninsula there is to be a large exclusion zone of several miles. Any attempt to get to the actual venue will end up with people fighting in the countryside far away from it. However, since Porto Carras Hotel is a small place, it can be blockaded by the demonstrators. We are waiting for your ideas, in order to organise the best blockade mission to the Porto Carras Hotel. We will stay in the town of Thessaloniki, the second town in Greece (1.500.000 inhabitants), where the great demonstrations are going to be held. Our aim is to formulate a left block against the EU's politics and the European governments, the Greek EU-presidency as well. Let's fight with us against capitalism and its supporters.
