

# Manufactured Decline or Manufacturing Prosperity

## Yorkshire & Humberside

### Saturday 18 September 2004

Yorkshire and Humberside has always depended for its prosperity on manufacturing – making things!

Whether it is engineering, aerospace, car making or any one of a thousand other jobs – manufacturing is crucial for Yorkshire and Humberside.

Other types of work are important but without Government support for manufacturing our future – and our children's future – is threatened.

**Support  
manufacturing!  
Come to the march  
and rally**

**Assemble 10.30am**

Hydro Aluminium, Clarence Road, Leeds
