

Keep Space for Peace!

US Comms. Base — 'RAF' Croughton March & Rally

12pm, 6th October 2007

Speakers: Kate Hudson (CND chair)

Lindis Percy (CAAB coordinator)

Dave Webb (Yorkshire CND)

oxonpeace@yahoo.co.uk / 07967392229

RAF Croughton, on the Oxfordshire/Northamptonshire border, is one of the key US Air Force communications bases, handling a third of US military communications in Europe.

It supports many US military operations including: guiding bombers, diplomatic communications, and command, control and other war fighting functions.

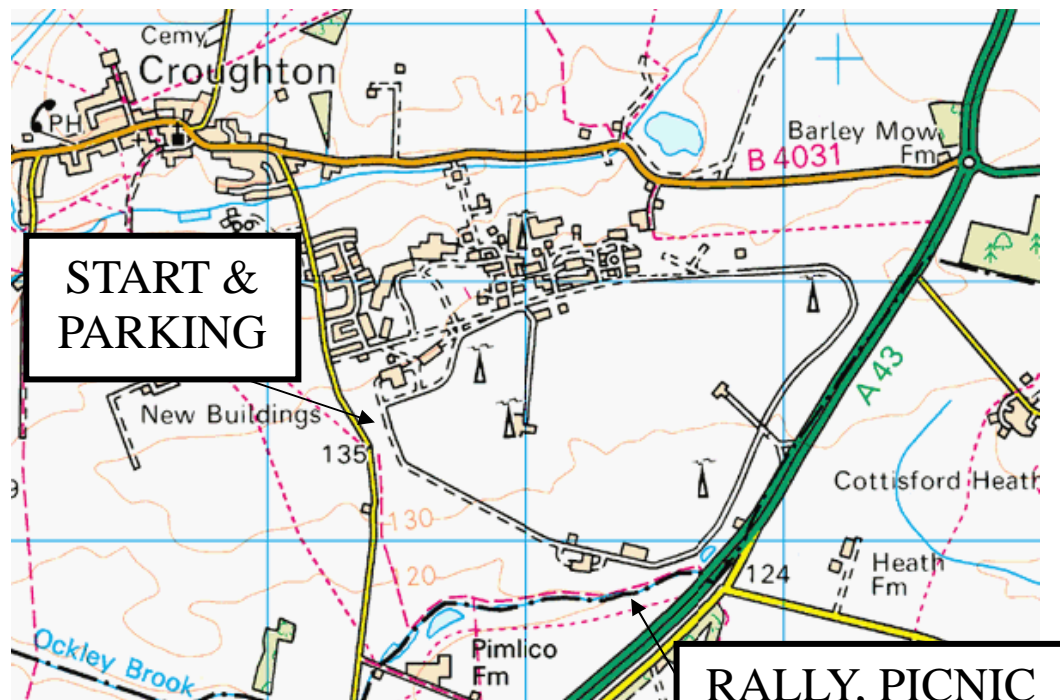

It is used to gather 'intelligence', much of which is kept secret even from our own government, and played a crucial role in the illegal war against Iraq.

It has also been suggested that RAF Croughton could play an important role in the proposed US missile defence system, which involves components based across Europe, once again making Britain a target for any attacks against the US.

Peace groups from across Oxfordshire and further afield will be demonstrating against the existence of this US spy base and against the US global war drive which has already cost so many lives and threatens our world with nuclear annihilation.

Join us on 6th October!

March, Rally & Family Picnic

Food and drinks available. Live music from the Red Rose Folk Group, the Sea Green Singers and others.

Organised by:

Oxfordshire Peace Campaign
oxonpeace@yahoo.co.uk / 07967392229

Oxfordshire Peace Campaign is an umbrella organisation bringing together all the peace groups in the county.
