# transform the city!

**an action planning event  
6pm sunday 17 february  
the commonplace**

**Sick of skyscrapers, posh offices,  
yuppie flats and overpriced  
entertainment in Leeds? Do you  
really live it and love it? Or do you  
want something else?**

**April 11th and 12th 2008 will be  
European days of action to transform  
and reclaim our cities. As part of this  
there will be a weekend festival of  
resistance and creativity in the heart  
of Leeds city centre.**

**As many skills, ideas and interests as  
possible are needed to transform the  
city. Let your imagination run free and  
help us dream another city!**
