

WHO IS ALBERT WOODFOX?

Albert Woodfox has spent the last 34 years in a 6'x 9' cell. This is solitary confinement in Angola Prison, Louisiana. Albert is one of the Angola 3, along with Herman Wallace and Robert King. These 3 men have survived immeasurable tragedies of injustice because of their political beliefs and ability to organize from behind bars. Despite having his conviction overturned by a Federal Judge this past year, Albert remains in solitary. The Attorney General of Louisiana is 'taking it personally' pursuing a vicious vendetta against Albert, wasting hundreds of thousands of tax payers dollars and time.

AWARENESS BIRTHDAY PARTY & CAKE CONTEST

For Albert Woodfox's birthday we are asking Angola 3 Supporters around the world to build awareness and broaden coalitions on Thursday February 19th, Albert Woodfox's 34th birthday in solitary confinement. Consider it a party excuse to end the abuse. Ultimately, it will provide an opportunity to bring people together, cultivate awareness, and show Albert Woodfox that despite being in solitary confinement at Angola, he is never alone. Angola 3 Action is hosting a creative cake contest judged by Herman, Albert & Robert. The maker of the most creative cake will win some Angola 3 tshirts and bags.

aWEARness

The 19th will also be the first of the 36 Thursdays solidarity t-shirt action. In an effort to cultivate aWEARness, A3a is asking supporters to wear their "I am Herman Wallace or I am Albert Woodfox" T-shirts for the next 36 consecutive Thursdays. Sign up here: www.angola3action.org/interaction for Wednesday reminders. If you dont have a shirt yet, you can order one here: www.zazzle.com/Angola3Action; a small portion of the proceeds goes to Angola3Action New Orleans, so we can keep directing direct action.
