

# **What happened to Mayday in Merseyside?**

Mayday has its roots in a radical workers' day of action.

If you feel like you blinked and missed it in 2009, you're not alone.

We're holding a meeting to propose an alternative Mayday festival for 2010. Our aims are simple:

- ★ Platforms for grassroots community and workers' groups - not VIP guests.
- ★ March where we will be seen and heard - not down empty side streets.
- ★ Organise together to create a festival for all of us - don't leave it to the TUC and political leaders to tell us how to celebrate our resistance.

We welcome all individuals who want to get involved, as well as grassroots workers', community and activist groups.

**First meeting:**

**Monday 20<sup>th</sup> July at 7:30pm**

**Next to Nowhere, 96 Bold Street**

(Entrance to the right of News from Nowhere, please ring basement bell)
