## The Changing Face of Luton

From  
this...

**CONSIDER THIS-** This is the way Luton used to be. At ease with itself, friendly, happy and secure. A town with a sense of community values and social inclusiveness. If you would like Luton to be like this again, then support the British National Party.

this

**CONSIDER THIS-** 50-60% of British Muslims want to be governed by Shariah Law. That would make the Koran the supreme law of the land. Muslim population has increased 30 fold in the last 3 to 4 decades and if current trends continue some demographers predict Britain will have a majority Muslim population by 2050.
