

The **co-operative** membership 

Can I have an eco-friendly home and community?

YES YOU CAN!

Come to one of our '**yes you can!**' events to find out how

No previous eco-experience required, just a desire to make a difference

A fun and informative day guaranteed

Green Minds
Green Homes
Green Communities

The **co-operative** membership

The North Region membership team and the Permaculture Association are pleased to invite you to one of their '**yes you can!**' events.

These events will explore how you can create a more eco-friendly home and community.

The events will be led by the Permaculture Association of Great Britain and will feature interactive workshops from local organisations and the Transition Town Movement. You will also have the opportunity to hear from local beekeepers and

The Co-operatives Plan BEE Campaign.

Following lunch there will be a networking session where you will have the opportunity to discuss ideas which could be taken forward in your home or community. Co-operatives UK will be supporting the event and will be around to highlight the benefits of co-operation and to offer support and guidance to local groups.

Any good ideas coming from discussions, that could have an impact on your community may be considered for our small grant scheme.
