

Thu 8 Dec, Liverpool: Support Census Refuser in Court

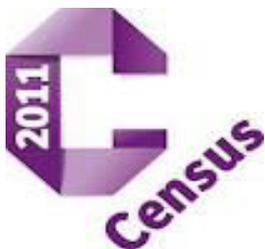

Sarah Ledsom, 56, of Bromborough, Wirral, a grandmother who suffers with a disabling chronic condition, is due to appear at the Magistrates Court in Liverpool, 107 Dale St, L2 2JQ, on 8 December at 10am to answer a charge of failing to complete the 2011 Census form. Sarah's objections to completing the census relate to Lockheed Martin's contract to process census data given the use of deadly Lockheed Martin weaponry by Israel on the people of Palestine. Sarah plans to run a human rights defence in her case.

**There will a demonstration and vigil outside the court from 9.30am. Please support this if you possibly can. If you can't be there in person, please consider sending a message of solidarity to Sarah:
NoCONcensus@yahoo.co.uk**

Sarah has said:

"My conscience will not, cannot condone what is happening to the good people of Palestine, innocent men, women and children being murdered by arms provided by Lockheed Martin to Israel. The very same Lockheed Martin who were given the contract to oversee the census 2011. On 8 December I will be pleading not guilty as I will not be part of the collusion against Palestine. I will refuse to pay any fine and am more than prepared to go to prison. This is not about me; this is about the corruption and collusion going on between the UK/US/Israel against the innocent Palestinians and I am standing against it.

"Will you stand with me and all census resisters?"

Thu 8 Dec, Liverpool: Support Census Refuser in Court

Sarah Ledsom, 56, of Bromborough, Wirral, a grandmother who suffers with a disabling chronic condition, is due to appear at the Magistrates Court in Liverpool, 107 Dale St, L2 2JQ, on 8 December at 10am to answer a charge of failing to complete the 2011 Census form. THE LOW-DOWN ON LOCKHEED MARTIN

Lockheed Martin is one of the world's largest weapons manufacturers and military aircraft manufacturers. Its profits and business success depend on endless war. Killing is big business.

Military aircraft manufactured by Lockheed Martin include F-16 fighter jets, as used by Israel to murder civilians in Gaza during Operation Cast Lead in 2009.

Lockheed Martin developed and manufactured Britain's Trident nuclear missiles and it has a £5.3 billion contract with the UK government to design and build new and illegal weapons of mass destruction at Aldermaston AWE, which it jointly owns.

Lockheed Martin developed the Aegis combat system which the US is pressurising South Korea to fit to destroyers at a planned naval base which will destroy the beautiful ecological reserve of Jeju Island, South Korea and escalate hostilities between the West and China.

Lockheed Martin also manufactures cluster bombs, responsible for the deaths of so many children, sells arms to Bahrain and makes surveillance drones used by the UK in Afghanistan.

Lockheed Martin won a lucrative contract to process 2011 Census data in England and Wales. Many people strongly object to its involvement in the Census.

Lockheed Martin Vice-President Lorraine Martin has said: "We want to know what's going on anytime, anyplace on the planet." Would you trust a company with such an ambition with your confidential data?

Sarah Ledsom is one of a number of census refusers around the country who are being prosecuted for their stand. Email NoCONcensus@yahoo.co.uk if you want to be kept informed of the progress of their cases.
